Welcome to JOBSQUE

A new age staffing, recruitment & training agency based out of Bangalore, with offices in Mumbai and Kolkata. At JOBSQUE our singular focus lies on placing pre-screened candidates for hiring requirements across the country.

Having our own development firm & branding agency has made us understand each of our targeted industries well enough to sort candidates and job positions.

How are we different from the rest of them?

1. Our upcoming blogs in our website and on social media aim to help employers and employees understand the ground level scenario and issues the other faces with respect to employment and hiring processes
2. We specialize in few industries only
Information Technology
Business Process Outsourcing
Advertising & Digital Marketing
Biotechnology & Pharma

Contd. . .

How are we different from the rest of them?

3. We pre-screen freshers, train them and ensure they are job ready and eligible for the positions offered to them
4. We are available anytime over phone, skype, email, whatsapp and sms to make communication quick to the point.
5. We as a team have worked with Start-ups, SMEs and MNCs across India and placed junior & mid-level in less than 2 weeks!

Contd...

How are we different from the rest of them?

6. We specialise in placing CTO, CXO & CEO level positions at just 12% CTC within a very short period of time. We have a record of placing hard to fill positions as we understand the requirement and terminologies in a Job Description perfectly and sort candidates accordingly.
7. A diverse range of Consultants, Advisors, Trainers and Digital Marketing Experts to help us conduct corporate training, workshops, employee background check as well as smart hiring using our socio-pyscho analysis and behavioural science strategies.

Consultants & Advisor Hiring

- We have managed to populate a network of experienced Consultants and Advisors in our industries of expertise to assign short or long term contract based Consultants or Advisors.
- Our clients can not only benefit from the knowledge and experience of these subject matter experts but can also aim towards the growth of their organization exponentially.

Employee Due Diligence

- **Background checks and verification are the most time-consuming and exhaustive process in the field of placements and recruitment. To ease this, we have built and maintained a wide network of experts all over India. These experts work in tandem with our in-house team to deliver a detailed report on each candidate's performance, background etc. This helps us as well our clientele decide on the candidate's appointment into the organization.**

Corporate Training Programs

All our trainers are handpicked after a lot of screening and discussions to make sure our clients get the best deals!

- **Artificial Intelligence, Machine Learning & Deep Learning**
- **Thought Design**
- **Programming Languages**
- **Hadoop, Big Data, Blockchain**
- **SAP Hybris**
- **Android and iOS**

A man with a prosthetic robotic arm is sitting at a desk, looking intently at a laptop. The scene is dimly lit, with a window in the background. The man's prosthetic arm is white and metallic, with a purple light on the wrist. The laptop is open in front of him, and a glass ashtray is on the desk to the right.
